**ARE YOU READY?**

**Talk Notes** – Greater than Day 5 – Francis Chan

Part of our decision to follow Jesus happens when we get baptised by water and spirit. Getting baptised in water and spirit symbolises being born again, we choose to follow Jesus, repent of our sins and start our new life following Jesus.

The majority of the world are going to be against you and hate what you believe. There are easier roads to take and you will be tempted but Jesus says its ok because I am going to give you the power of the spirit.

“Its not about this one time decision where we decide to believe, it’s about a change of a lifestyle”

**Questions** –

Do you understand what baptism means?

Are there any areas in your life that are different to your friends because of your faith in Christ?

Are there areas in your life that you may need to change in order to reflect your faith?
