Talk Notes – Francis Chan – My Cup overflows

Turn your hearts to your parents and care about their wants and needs. This is the same for parents.

Sometimes we can take our parents for granted but we are fortunate to have them. Some people are not fortunate enough to have both parents at home.

It's all about relationship, it grows us closer to people and God.

In 1 John 4 it says, how can you love God who you don't see and don't love your brother who you can see.
